Special note to all entrants:
If you would like to build a special name tag to set by your cars in the Staging area. Personalize your cars name and builder info. You can put your racing logo on it as well. This would be good if you are going to use the same car for a number of races. Name Tag font size of 18-24 would be the optimum size for best viewing. Overall Tag size of 4" width by 3" height maximum and up to 1/2" thick.
Example:
Builder Name: _____
Car Name: _____
Class: _____

Then have your Racing logo on the bottom part of the Tag or you may use the PDDR Logo. You can make it out of wood, plastic, metal, poster board, Different kinds of heavy grade photo paper s... Print it, engrave it, stamp it, paint it, carve it, Be creative with it. Something that will hold its shape well. Make your cars stand out for that show vote.
